N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

If a candidate who belongs to one Native State selects a centre in another Native State, he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides or should it not be a centre, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place, if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 23rd January. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N B.—To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I.B of the Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognized by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no application of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31*st January*, the necessary drawings, plans, surveys, field books, estimates or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from technical schools, the Commissioner will be compelled to

recommend to the Director of Public Instruction or the Director of Industries, the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination revalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink :—*

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they may reach the Commissioner's office on or before the 31st January, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

NOTE.—Candidate who is desirous of being examined through the medium of a vernacular in any subject should specify in column 9 of his application the language (e.g., Tamil, Telugu) through the medium of which he wishes to be examined.

11. Candidates in the mofussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in Mysore, Hyderabad, Travancore and Cochin States should obtain the same from the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Cathedral Post office (Madras), and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mofussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	6	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 31st January. *On no account will the fee be remitted in the Commissioner's office whether sent in cash or by Post office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Imperial Bank of India together with two lists of the pupils, one of which will be returned by the Bank and the other signed and returned to the Headmaster. The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m., and 6 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty two feet above the level of the sea, and the receiver of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil day—from midnight to midnight.

The total quantity of rain collected since January 1st is 3·42 inches, the average due for the same period being 0·54 inch.
